Dear Colleagues,

On behalf of the European Association for Developmental Psychology (EADP), it is my pleasure to invite you all to the **19th European Conference on Developmental Psychology**, which will take place in Athens, Greece, **August 29th to September 1st, 2019**.

The Organizing Committee of the Conference will be comprised of members of the Department of Psychology of the National & Kapodistrian University of Athens, as well as of members of other Psychology Departments in the country. The Scientific Committee will consist of both national and international scholars.

We are already preparing an exciting program and distinguished speakers will be invited to share with us their valuable knowledge and experience. As with previous conferences of the Association, the scientific program will also consist of scientific activities, invited symposia, symposia, oral sessions and poster presentations.

Our aim is to offer a chance to all participants to exchange research interests, ideas, and experience in Developmental Psychology, as well as the latest developments in the field.

You can also count on an exciting social program, which will include the Opening Reception, city and museum visits, other leisure activities, as well as possible visits to archaeological sites such as Cape Sounio, Delphi, Mycenae and Epidaurus, and a one day cruise to the Saronic Gulf.

Athens is connected to most European cities with direct flights. The weather, at the time of the conference, is comfortably warm, with temperatures ranging from 27 - 32°C.

We are looking forward to welcoming you in Athens and hope that you will enjoy the Conference as well as your stay in Greece.

Spyridon Tantaros

Professor of Developmental Psychology
