

## **THE 2022 EARA-EADP-SRA SUMMER SCHOOL**

In 2022, EARA, EADP and SRA will again jointly organize a summer school focusing on research on adolescence. The summer school is a training ground for young scholars interested in adolescent development. The summer schools bring together established researchers, recognized for their expertise and teaching abilities with doctoral students from around the globe, for several intensive days of research training. The training includes exposure to innovative and creative research, as well as workshops focusing on professional skills. The summer schools have given students enthusiasm to search for scientific guidance outside of the borders of their countries and the walls of their universities.

The 2022 EARA-EADP-SRA Summer School will be held in Dublin, Ireland from August 21<sup>st</sup> to August 24<sup>th</sup> (just before the [EARA2022 conference](#), submission deadline January 10), with arrival on August 20<sup>th</sup>. The site for the school will be in Wicklow, a nice town nearby Dublin, Ireland. The summer school will be directed by Susan Branje, Lisa Kiang, Oana Negru-Subtirica, and Stefanos Mastrotheodoros. Senior Scholars participating this year will include (in alphabetical order): Toon Cillessen, Candace Currie, Nancy Hill, Lisa Kiang, Noona Kiuru and Andreas Neubauer.

We invite doctoral students in any part of the world to apply. A total of 24 students (8 per association) will be selected based on their academic records, research experience, letters of recommendation, and overall evidence of scientific aptitude and competence. Students who apply should have their doctoral research planned or underway, but not completed, so that they can benefit from the critiques given during the school. Students will have to cover their own travel costs, with accommodations from August 20<sup>th</sup> to August 24<sup>th</sup> and meals from August 21<sup>st</sup> to August 23<sup>rd</sup> paid for by the School. Students from outside of Europe selected by SRA (whose travel costs are expected to be substantially higher) can opt for an SRA travel fellowship.
